Product Description

Product Description:

SDEC Diesel Generator: 10-1000KW Power Outputs and 1 Year Warranty

SDEC Diesel Generating Unit is a reliable power solution, featuring diesel engines and electric or manual starting systems. It delivers 10-1000 KW power outputs in 220V/ 380V/ 400V/ 415V/ 440V/ 480V voltage range with 1 year warranty. The diesel fuel ensures long life and maximum performance of the generating unit. It is perfect for a wide range of applications, from residential to industrial use.

The SDEC Diesel Generator is an ideal solution for mission-critical applications such as hospitals, data centers, and other applications that require uninterrupted power supply. It is equipped with advanced safety features such as emergency shutoff feature and over temperature protection. This ensures a safe and secure operation even in the most extreme conditions.

SDEC Diesel Engine Generator is designed to provide efficient, reliable, and cost-effective power solutions. It is highly reliable and durable, providing years of trouble-free operation. It is also easy to install and maintain, thus making it an ideal choice for businesses and homes alike.
